COMMON CORE K-8

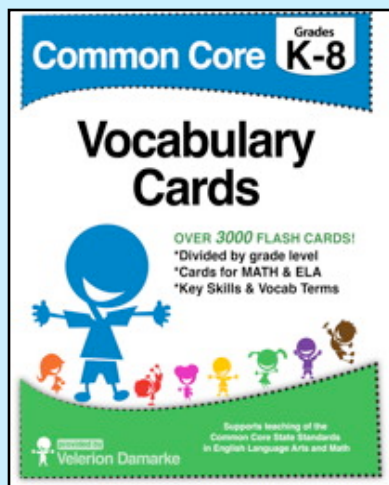

Our grade level common core workbooks have all the standards ON the pages, so no more hunting them down. There is a plug-and-play assessment for each standard, allowing teachers to tailor the worksheets to student needs.

COMMON CORE TOOLS

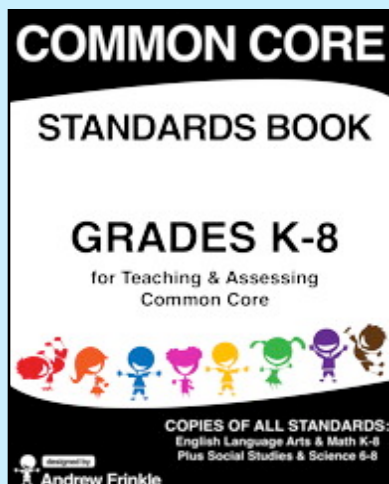

Ever need to make your own lessons and worksheets for common core? Feeling lost? You're not alone.

This tool has 175 different templates for common core lesson worksheets and quizzes. Simply plug in whatever you're studying, and make copies for your class! These work great on the whiteboard with a projector, too! These pages are perfect for grades K-5, with some useable up to grades 6-8.

This book was designed for the do-it-yourself teacher! Use our 3000 vocabulary cards to help support common core learning in your classroom.

These sets of vocabulary cards are awesome on word walls and are divided by grade level and subject. Cut out your grade level, and compare to the previous and next year to see what you should know and where you are going!

Do you just need the standards? Tired of looking them all up? Get every subject and every standard for grades K-8.

This book includes all subject areas by grade level. K-5 grades have Math and ELA, while grades 6-8 also include standards for History & Social Studies and for Science & Technical Subjects.
